“As a busy practitioner, I have often needed bodywork. I searched for a long time to find a practitioner with the kind of qualities I needed for releasing stress from muscles. Monique’s service offers, not only, the best techniques in massage, reflexology and hot stone therapy, but also a nurturing and sacred atmosphere in which to rest and rejuvenate. Her Reiki treatments have helped find peace within my healing with cancer. I cannot emphasize enough how invaluable she is to me!”
